Welcome to McGregor Assisted Living! We look forward to having you join our family and have provided a list of items that will make your arrival and your stay more comfortable as you transition from home to McGregor!

Residents and their family are responsible for providing any necessary furnishings to complete the set-up of each apartment. This checklist includes the following suggestions to aid in determining essential items to complete the apartment and serves as some helpful tips!

- Headboard [optional]
- Box spring and mattress- preferably twin or full size
- Waterproof mattress cover-* recommendation for one that mattress fits inside vs coverlet
- Dresser
- Nightstand (s)
- Chairs
- Couch or love seat
- Table lamps [lightbulbs]
- Floor lamps [light bulbs]
- TV
- Computer
- Cellphone or telephone and service * Contact Vonage if a landline phone is preferable.
- Several blankets
- Multiple sheet sets to include flat and fitted sheets and pillow cases
- Towels- several sets of bath towel, hand towel, washcloths
- Pajamas and slippers or footies with grippers
- Clothing to be worn in the community.
- Personal toiletries- bath/hand soap, deodorant, lotions, brush/comb, etc.

Please bring any other items needed to live safely and conveniently in the apartment-just like home!

There are items that we discourage bringing for safety reasons or area rugs that can be trip hazards.

* Please refer to the section on Appliances.

McGregor is not responsible for providing any of these items. Set up of the apartment is the responsibility of the family and/or an ancillary moving service you have hired. McGregor is not able to provide staff to move furnishings in or out.
