

The background of the entire page is a light pink color with several slices of watermelon and scattered watermelon seeds. The watermelon slices are in various orientations and sizes, some showing the red flesh, green rind, and black seeds. The seeds are small, dark, and scattered throughout the background.

Summer Solstice at McGregor

June 26, 2024

Kaitlyn Keenan

The meaning behind Summer Solstice is the transition from action to nourishment. McGregor celebrated Summer Solstice with an event for visitors to learn more about McGregor and have the opportunity to tour rooms and chat. This transition signifies the meaning of McGregor, the want and need to transition into nourishment on campus, wherever one may have the need.

Summer Solstice brought many smiles all over, whether this be due to the great food, raffle, or conversing with others. Each guest was given a lei in celebration of summer.

We had an amazing turnout and were grateful for all that joined us for the event. Each of our ladies in the marketing department were helpful in showing visitors our rooms at McGregor, as well as answering any questions that our guests had.

We would like to say thank you to our pianist and guitarist for performing during this event. The music was spectacular and brought a sunny feeling to the Summer Solstice. We also would like to thank Marvin for serving each of our guests during the event. Lastly, we would like to say thank you to all our guests that joined us.

Each of you was a delight to have and we each enjoyed our conversations with you all. We missed those that could not attend the event but look forward to speaking with each of you in the future.
